### ABOUT ME

---

I am a motivated second-year Information Technology student with a passion for technology and a drive to learn and innovate. With a solid foundation in programming languages such as Java, Python, and HTML/CSS, I am eager to apply my skills in practical settings. I thrive in collaborative environments and enjoy tackling complex problems with creative solutions.

### PROJECTS

---

#### DICE GAME

ABOUT PROJECT:

- dice game built using HTML, CSS, and JavaScript! The Dice Game is based on a two-player. Both players roll the dice and the player who gets the highest phase value will win the game
- These is based on your luck, making them enjoyable for players of all ages and skill levels.

#### MORSE CODE TRANSLATOR

ABOUT PROJECT:

- Our morse code translator tool makes it easy to convert standard text to morse code and convert morse code to plain text. To use our morse code translator just enter your text or morse code in the input box and then see the translation in the output box.
